

Business Process Subcommittee Recap

May 24, 2001
Colorado Springs, CO

BPS Mission Statement

The Business Process Subcommittee will:

Advance the understanding and application of eBusiness options to current and emerging partner interface processes

EIDX BPS Objectives

- Promote and adhere to our mission statement
- Continue to work in conjunction with the TECH and GSS Subcommittees in developing/piloting dynamic business processes while at the same time working with the P&E Subcommittee in the promotion of BPS products and efforts.
- Address the current "day job" issues and questions from the membership
- Work on acquiring the skills for the next generation of eBusiness by participating in and evaluating other standards organizations, affiliations, and methodologies.
