Santa Fe, New Mexico

GSS Officers and Board Liaison

- Chair
 - Open
- Vice Chair
 - Bill Wray, Tyco Electronics
 - Doug Simpson, ACT
- Secretary
 - Open
- Board Liaison
 - Linda Zavec, Motorola

What GSS Does

Develops implementation conventions or guidelines that represent “best practices” in the Electronics Industry, and support the business models defined by the Business Process Subcommittee.

XML is evolving as a standard for web-based electronic commerce. This and other developments in internet commerce are monitored by GSS.

*GSS owns the management of EIDX’s Coalition Partnership role in RosettaNet.

GSS Sessions

Tuesday, August 7

- 10:00- Noon – PIP Business Content Architecture (Core Components for Invoices- Stephenie Cooper, David McGee
 - Attendees felt that sufficient content experts weren't present and had other priority issues, so we got diverted from invoice-specific task into discussion of how business content knowledge should be gathered and continued a lot of the discussion started in the RUG PIP Improvement session on Monday
- 1:30- 3:15 – Joint Subcommittee Meeting for Business Process, Technology, Guidelines and Standards, Promotion & Education – Chuck Caveney, Bill French, Linda Zavec, Roger Trout
 - Will be reported by TECH or BPS

GSS Sessions

Thursday August 9

- 8:00- 10:00 - Core Components for Invoices/RN session B - Stephenie Cooper, David McGee
 - Continued discussion of methodology for capturing business content knowledge
 - Gathered recommendations for approach to gathering content for PIP component library, creating linkages to PIPs and PIP messages, and other interrelationships with RN Business Dictionary (RNBD)
 - Discussed publishing system requirements and relationship to Business Content Architecture and RNBD

GSS Sessions

Thursday August 9

- 10:00 - Noon - XRT (XML Recommendation Team) – Chuck Caveney, winner of Bill French look-alike contest, who was winner of Greg Olsen look-alike contest
 - Looked at tool to be employed
 - Extract from Contivo tool
 - Discussed what form of deliverable should be
 - Probably XL spreadsheet file(s)
 - Discussed resource issues ... who is going to do the work?
